Product name: Ventilation unit with heat recovery and summer bypass

Type: profi-air 300 sensor

Area of application: Ventilation of apartments and residential buildings

The product complies with the regulations, particularly the protection requirements of the following EC directives:

Low Voltage Directive	2006/95/EC
EMC Directive	2004/108/EC
Machinery Directive	2006/42/EC
ErP Directive	2009/125/EC

The conformity of the specified product in terms of compliance with these directives has been proven.

If unauthorised modifications are made to the product, this declaration will lose its validity.

Königsberg, 11 April 2016
